

MaxiTherm®

Cold temperature work gloves

classicRange™

Natural Latex on a Seamless Acrylic/Polyester Liner with Patented Non Slip Grip
Designed for general handling in wet or dry applications in cold conditions

Key Features

- Tough and flexible coating of natural latex on a seamless liner
- Brushed liner is soft and comfortable and keeps warm in cold conditions
- Non Slip Grip improves grip performance in wet applications
- Anatomically designed hand shape helps to reduce hand fatigue
- Flat dipping technology improves breathability and reduces perspiration

Typical Industries

Cold Storage, transport, construction, forestry, off-shore energy, airport baggage handling, transportation, shipping and receiving

Typical Applications

General handling in cold and wet conditions, building materials, timber, refuse, engineering components
