

## SIKA Mould Buster

Colour	Product Code	Pack Size	Box Qty
-	SKMBUST5	5ltr	

### Product Description

SIKA MOULD BUSTER is a powerful, fast acting solution which is effective on most surfaces. It removes algae, mould and green growth without the need for scrubbing or pressure washing. Sika Mould Buster is approved under the Control of Pesticides Regulation 1986 (as amended) for use as directed. HSE No 8376. Also approved for use in Ireland, PCS No. 96329.

### Benefits

- No scrubbing or pressure washing required.
- Biodegradable – no bleaches or acids.
- Helps protect against early regrowth.

### Areas For Use

- Patios
- Driveways
- Fences
- Brickwork and masonry
- Decking and garden furniture
- Roofs
- All exterior hard surfaces

### Limitations

- Do not use if rain is expected within 5-6hours of application.
- May leave a slight sheen on the surface after application. This will dissipate naturally over time.
- Use only as directed.

### Application

Wearing suitable protective equipment, dilute 1 part of Sika Mould Buster with 4 parts water in a watering can or a low-pressure sprayer. Apply diluted mix directly onto the affected surface, ensuring entire area is saturated. Leave to dry, keeping pets and children away from treated area during drying period.

Sika Mould Buster works over several weeks to kill and remove mould and algae - results will be seen within days. Any stubborn growths can be removed by lightly brushing away once dead.

### Coverage

The approximate application rate is 4m<sup>2</sup> / litre when diluted as advised and applied with a garden sprayer – dependent on evenness and porosity of the surface.

### Health & Safety

Consult MSDS for full list of hazards.

### Storage

Store upright in original, tightly sealed container, and in a dry, cool and well-ventilated area (between +5°C and 25°C), protect from sunlight and frost.

### Shelf Life

24 months from date of manufacture in unopened containers and stored in accordance with above.
