NECKWARMER

9076-925

Neck warmer in soft micro-fibres. The neck warmer is more than just an ordinary neck warmer, as it can be used in several ways. For example, it can very easily be used as either a scarf, hat or headband. The thin material can easily be worn underneath a helmet or jacket to provide protection against draughts or cold in all kinds of weather conditions.

QUALITY: 100% polyester micro-fiber, 140 g/m²

COLOUR: 12346 Red print 12347 Brown print
